Missouri Doings

MISSOURI COMMISSION ENTERTAINS COUNTY CLERKS

Tenders Reception to Delegates at the State Convention.

St. Louis: The opening session of the Missouri county clerk association was held Tuesday morning at 10 o'clock in the Missouri state building. At 2 o'clock in the afternoon a business meeting was held, at which reports of all committees were heard and officers for the coming year were elected. Over 100 members were present.

The officers elected were as follows: President, J. J. Phelps of Jackson county; vice president, Loren E. Seneker of Lawrence county; Hugh K. Chapin of Howell county; secretary, C. D. Manley of Barry county; assistant secretary, S. B. Thornton of Lafayette county; treasurer, C. J. Lawrence of St. Francis county; assistant treasurer, J. M. Miller of Cape Girardeau county.

The morning session was mainly taken up by addresses of the officers. President Phelps was to have delivered an address of welcome, but was not able to attend. Those who spoke were President E. H. Rucker and James L. Phillips. In the afternoon State Superintendent of Public Schools Carrington and Dr. George R. Ladd, director of the Reila school of mines, spoke.

The third day's session of the County Clerks' Convention, held Wednesday in the Missouri building, was marked by the reports of the Auditing, Resolutions and Assessments committees. The principal speech of the day was made by B. F. Clark, on "The Responsibilities of a County Clerk."

Mr. Clark touched upon the importance of the service county officers perform to the people of the community, and ended with a tribute to the Exposition and the influence for the good it has been throughout the counties of the State.

The committee on School Laws, on Revenue Laws and on Township Organization delivered reports, and the members then listened to addresses by W. T. Carrington, State Superintendent of Public Schools, and Doctor George E. Ladd, director of the Missouri School of Mines at Rolla.

The Missouri Commission gave an informal reception to the County Clerks Wednesday evening at which about 250 persons were guests. The entertainment was informal, no invitations being issued beyond a general one.

HARROUN HAS BEEN INDICTED

St. Joseph Grain Dealer Formally Charged With Forgery.

St. Joseph, Mo.: W. H. Harroun, president of the Harroun Elevator Company, was indicted by the Grand Jury Wednesday afternoon on seven counts for forgery in the third degree. The seven bills of lading, most of them on the Burlington Railroad, were described in full by the Grand Jury. The name of W. K. Adams, per his clerk, W. A. Mueller, the report states, was forged to the bills.

Harroun will be re-arrested and held for trial. The punishment on conviction for forgery in the third degree is not more than seven years in the Penitentiary on each count.

Harroun's creditors are not anxious that he be prosecuted and sent to prison. They prefer that he remain here and gain back the money he has lost for them.

Deputy Sheriff Charles Clark of Kansas City, Mo., arrived here Wednesday night with two warrants for Harroun's arrest.

He is charged with forging two warehouse receipts in Kansas City, and obtaining thereby several thousand dollars from Kansas City banks. Officers secured the city Wednesday night but Harroun had been notified from Kansas City of the warrants.

He left his residence a short time before the officer arrived. His family professed ignorance of his whereabouts.

He was found later and arraigned before Judge Cassel in the criminal court Thursday on the charge of forgery in the third degree. He gave bond in the sum of \$25,000. Leo Wilman, William Blum and Henry Blum went on his bond. The trial was set for September 27.

A. B. Duncan, attorney for Harroun, maintained before Judge Cassel that his client could not be taken out of Buchanan county until his case had been acted upon in the local court. This argument was made in habeas corpus proceedings, and Harroun was released.

W. H. Harroun was expelled from the Kansas City board of trade Thursday.

STATE COMMISSION HOLDS SHIPPER MUST BE PASSED

Missouri Railway Board Orders Burlington to Refund Fare.

Jefferson City, Mo.: The State Board of Railway Commissioners Wednesday issued the following order in the Brookfield shipping case, which will be of interest to stock shippers throughout the State: In the matter of the complaint of J. J. Harmon of Brownings, Mo., and upon this board's own motion, alleging that on each of the following dates: January 5, 1904; January 16, 1904, and January 23, 1904, Harmon & Keithley shipped from Brownings, Mo., to Kansas City, Mo., over the Chicago, Burlington and Quincy Railway one carload of hogs, and that said railway company in each instance refused to return J. J. Harmon or his representative to Brownings, Mo., free of charge. A hearing in the above-stated case was held at Brookfield, Mo., and at a later meeting of the board at its office in St. Louis it was ordered as follows: A consideration of this case indicates clearly to the Commissioners that section No. 1885, Revised Statutes of Missouri, 1899, provides that all railroads doing business in Missouri shall, in consideration of the price paid for transportation of said car, pass the shipper of live stock or his representative to and from the point designated in contract or bill of lading.

Therefore, the said Chicago, Burlington and Quincy Railroad Company is hereby ordered, first, to immediately desist from the aforementioned violation of section 1885, Revised Statutes of Missouri, 1899. Second, said defendant railway company shall, within fifteen days from the date of this order, return to J. J. Harmon the sum of \$10.50, being the sum of the said railway fares from Kansas City, Mo., to Brownings, Mo. Third, said defendant railway company shall also, within fifteen days from the date of this order, pay the costs of this investigation.

By order of the Board of Railroad and Warehouse Commissioners of Missouri. (Signed) W. E. McCully, chairman; Joe P. Rice, John A. Knott, Commissioners.

Near Good Roads Addresses. Lebanon, Mo.: The Good Roads Convention here was addressed Wednesday by Colonel W. H. Moore, president of the National Good Roads Association; Colonel W. C. Richardson of the National Good Roads Bureau of St. Louis, Civil Engineer Lucas and M. O. Ehrhardt of Washington, D. C., and Colonel N. O. Nelson of St. Louis. At the close of the afternoon session a branch of the National Good Roads Association was organized for the purpose of directing locally the good roads agitation.

Orchard's Bond Is Filed. Jefferson City, Mo.: The bond of Senator Orchard, the recent witness in the case of the State vs. Senator Frank Farris, was filed with the Circuit Clerk here in the sum of \$200, assuring Senator Orchard's appearance here at the next trial of this case December 19. E. C. Markham is security for Orchard.

Bates County Pioneers Meet. Butler, Mo.: The patriotic convention of the Old Settlers' society of Bates county was held here last week. It was largely attended. Oscar Reeder, aged 61 years, was the oldest resident present; James E. White, aged 91, the oldest man; T. N. Buckles, aged 89, the oldest federal soldier, and J. C. Young, aged 75, oldest confederate soldier.

Capt. J. C. Wallace. Lebanon, Mo.: Capt. J. C. Wallace, president of the Laclede county bank of Lebanon, died here last week. Capt. Wallace was born June 25, 1839, in Massachusetts. He came to Lebanon in 1867 and engaged in the mercantile business, from which he retired in 1890 and established the Laclede county bank.

Rev. Geo. Plattenburg Dead. Marshall, Mo.: Elder George Plattenburg, aged 79 years, one of Missouri's ablest divines, died at his home near Dover last week. He was pastor of the Christian Church here for a number of years, and at one time served as chaplain in the Missouri Legislature. He leaves two sons and two daughters.

Married for Sixty Years. Chillicothe, Mo.: Judge and Mrs. J. F. Howard Thursday celebrated the sixtieth anniversary of their wedding with a big dinner, to which a crowd of relatives and friends were invited. Judge Howard is 82 and his wife is 79. Both are in good health.

Fine Man for Robbery. St. Louis: Charles Myers was fined \$50 and costs in the court of criminal correction on a charge of robbing D. Riley of Washington, D. C., of \$25 on an excursion steamer. He is one of the men arrested on a "John Doe" warrant.

Wall Estate Sold for \$16,000. Nevada, Mo.: The public sale of the personal property of the late R. L. Wall, who was shot and killed last July by ex-Representative J. D. Todd, looked up over \$16,000.

DAUGHTER OF SOUTHERN GENERAL WILL WED HER FATHER'S FRIEND

Miss Lucy Lee Hill.

Miss Lucy Lee Hill, daughter of the famous Gen. Ambrose Powell Hill of Virginia, and herself a loved daughter of the South, after a few years of standing face to face with the prosaic business world of Chicago, is about to come into her own, like the Princess in the fairy tale. Her marriage to Gen. James E. Magill, a wealthy planter of Pulaski, Va., will take her back to her own country, where up in the Alleghenies she will be mistress of Cleverton, Gen. Magill's old home.

In Chicago she has been examiner for the civil service. Gen. Magill is a division commander of the Virginia Confederate Veterans' association, and was a well-known officer in the army of Gen. Lee.

Miss Hill went to Chicago from her home at Petersburg, Va., during the World's Fair in 1893 in the capacity of lady commissioner to the world's fair. Her mother and her sister, Mrs. Russell Hill Hale, then went to Chicago and Miss Hill took the position in the city hall.

Shortly after this, and upon the death of Miss Winnie Davis, Jefferson Davis' daughter, Miss Hill was offered the title of "Daughter of the Confederacy," and although she has been

EVILS THAT FOLLOW DIVORCE.

Truancy and Waywardness of Children as Shown in Chicago. Divorce is the root of crime and truancy among the juvenile delinquents of Chicago. This conclusion has been reached by W. Lester Bodine, superintendent of compulsory education, after investigations extending over a year.

Arrests made by the truant officers and court records, Supt. Bodine declares, shows that a great majority of the boys and girls who "go wrong" are the children of divorced parents. By testimony taken in his office and in court, these children have shown, he says, that they first lose respect for their quarrelsome parents, and when the parents separate the child has only the influence of one.

Supt. Bodine, after collecting statistics from court records and other sources, declares that there are 18,000 divorced women in Chicago and nearly as many divorced men. A majority of these divorced people had children, he has found. On his estimate of two children for each couple, the number of children of divorced people in Chicago would be nearly 40,000.

The superintendent quotes statistics to show that many of the boys committed to the parental school, the John Worthing school, the jail, and other corrective and charity institutions, are half orphans through divorce decrees. The same holds true, he says, of the girls committed to the various industrial schools and institutions for wayward girls.

Other statistics collected by Supt. Bodine show, he says, that marriages and births are increasing and divorces decreasing among the large and growing foreign-born population, while marriages and births are decreasing and divorces are increasing among the American-born population.

New York Woman Wears Menocle. The woman with a menocle has made her appearance in New York, creating quite a sensation on Broadway the other afternoon. She was dressed in English-made costume, but evidently was an American. She didn't seem to care that nine out of every ten persons she passed turned to get a second look at her eye gear; in fact, she appeared to enjoy the attention she attracted. One woman observer offered a ray of hope. "It may be smart," said she, "but, really, I doubt if many women in New York will wear menocles."

DUTCH RULE IN JAVA.

Elaborate System of Etiquette Insisted on by Conquerors. The government clerks in Java are probably the best educated civil servants in the world. They are all Dutch, of course, for Java is owned and governed by Holland, and every mother's son of them is and must by law be a graduate of the University at Delft.

Special courses are maintained there for those who expect to go out to Java in the government service, and none can gratify the ambition to do so unless he has mastered French, German, English and at least two of the four languages spoken in Java, one of which must be Malay. The higher officials and the judges must speak three of the native tongues.

It is forbidden to a native to speak Dutch, or "Hind" Javanese, to a superior, and no superior would think of using anything but "low" Javanese to an inferior. Servants must always appear before their masters with covered heads. Javanese, except of high rank, may not smoke in the presence of any European. The Dutch say that if they did not insist on native recognition of their superiority they would not be able to attain their authority at all. The etiquette of rank as insisted upon among the Javanese themselves is ever more severe than that imposed by the Dutch upon the natives.

Persia's Ruler Decorates American. A. A. Rutis, manager of the foreign department of the Iron City Trust Company of Pittsburgh, has received notice from the Persian government that the shah has bestowed upon him the Order of the Comradeship of the Lion and the Sun, said to be one of Persia's highest orders. Mr. Rutis has been instrumental in increasing imports of rugs and carpets from Persia. He has sent many buyers to Persia with letters to the Persian authorities.

Noted English Journalist. William Maxwell, now in the far East as war correspondent for one of the big London dailies, is perhaps the best all-around journalist that London possesses today. Maxwell was with Kitchener to Khartoum and has the medal with clasp for Omdurman. He went to South Africa and was present at all the preliminary fighting, including Eladrasht and Lombard's keep. He was in Ladysmith during the siege.

Have Conquered Kitchener. It is said of Lord Kitchener that three months of social ostracism, country-house visiting and furious denigration from English society have marked a baneful transformation in this erstwhile stoic. He has lost much of his sternness, has stopped refusing invitations for teas, dinners and luncheons and, indeed, has rendered completely to social influences.

Women's Fascinations. The old saying about sweet sixteen is exploded by the truer knowledge that the highest beauty does not dwell in immaturity, for beauty does not mean alone the fashion of form and coloring, as found in a waxen doll. A woman's best and richest years are from twenty-six to forty. No woman is past at an earlier day.

Find Cave at Gibraltar. A most interesting discovery was made lately on the eastern side of Gibraltar rock, a cave which, from its dimensions, bids fair to rival the celebrated St. Michael's cave, having been disclosed during the progress of blasting operations at the quarry beneath the Monkeys Alameda.

The Reason Why. Drummond, Wis., Sept. 12 (Special).—Whole families in Bayfield County are singing the praises of Dodd's Kidney Pills and the reason why is given in experiences such as that of Mr. F. T. Wold, a well-known citizen here. "I had such pains in my back that I did not know what to do," says Mr. Wold, "and as I came across an advertisement of Dodd's Kidney Pills I sent for a box. That one box relieved me of all my pains. My wife also used them and found them just what she needed. I recommend Dodd's Kidney Pills as a sure cure for Backache and other Kidney Troubles."

Backache is one of the earliest symptoms of Kidney Disease. Dodd's Kidney Pills cure it promptly and permanently and prevent it developing into Rheumatism, Dropsy, Diabetes or Bright's Disease.

Aids to Photography. One can scarcely keep track of the inventions and devices for the advancement of photography, so rapidly are they brought to our notice. The latest is a liquid lens that by its use instantaneous photographs may be made by gaslight, and a one-minute exposure will be sufficient for a moonlight scene. A certain oil is introduced between the parts of a rectilinear lens, and thus the refraction is greatly increased.

A Necessary Precaution. The continued unhealthy conditions along the Ambejemackomas, Eskewewajaw and Meskaskeseehunk rivers in Maine have induced the state board of health to decree that no further use of the water from these streams for domestic purposes shall be made until their names have been boiled down.

Much Material for Building. Among the material used in the construction of the new Christ's hospital at Horsham, England, were 40 miles of hot water pipes, 38 miles of electric wire, 20,000,000 bricks, 1,500,000 tiles, 5 acres of wood flooring, 100,000 cubic feet of stone and 25,000 tons of cement, sand and breeze.

Not Unnatural Discovery. A special cable dispatch announces that in Pompeii the first envelope ever made was recently dug out of the ruins. It was found in the pockets of a male mummy, and was addressed in a woman's handwriting.

Willing to Do His Best. Judge—Of course, I might let you off, Casey, if you had an alibi. Casey—Shure, yer honor. Oi haven't wan about me, but here's the last quarter, if that'll blimp ye.—Philadelphia Evening Bulletin.

CHANGE FOOD

Some Very Fine Results Follow.

The wrong kind of food will put the body in such a diseased condition that no medicines will cure it. There is no way but to change food. A man in Mo. says:

"For 2 years I was troubled so with my nerves that sometimes I was prostrated and could hardly ever get in a full month at my work."

"My stomach, back and head would throbb so I could get no rest at night except by fits and starts, and always had distressing pains."

"I was quite certain the trouble came from my stomach but two physicians could not help me and all the tonics failed and so finally I turned to food."

"When I had studied up on food and learned what might be expected from leaving off meat and the regular food I had been living on, I felt that a change to Grape-Nuts would be just what was required so I went to eating it."

"From the start I got stronger and better until I was well again and from that time I haven't used a bit of medicine for I haven't needed any."

"I am so much better in every way, sleep soundly nowadays and am free from the bad dreams. Indeed this food has made such a great change in me that my wife and daughter have taken it up and we are never without Grape-Nuts on our table nowadays. It is a wonderful sustainer and we frequently have nothing else at all but a saucer of Grape-Nuts and cream for breakfast or supper." Name given by Postum Co., Battle Creek, Mich.

Good food and good rest. These are the tonics that succeed where all the bottled tonics and drugs fail. Ten days trial of Grape-Nuts will show one the road to health, strength and vigor. "There's a reason." Look in each pkg. for the famous little book, "The Road to Wellville."
